

SUPREME SHOW 24.10.15.

Mr.G.E.Martin

I had a wonderful day at this year's show and was supported by a dream team of stewards - Irene Roos, Debbie Newman and with Carol Quinn who stepped in at the last minute due to losing my arranged steward at the very short notice. We were most fortunate to have Anthony Allgood as our Ring Supervisor who was on top of things throughout a busy day. Many thanks to Celia and the Committee for my invite to judge and giving me the opportunity of handling all the lovely exhibits on the day.

SILVER TABBY/TABBY & WHITE MAINE COON GRGCH. IMP BURGESS'S GRCH JINGLEBELLES RADADIR (MCO ds 22) M 22.02.14. Very handsome Classic Red Silver Tabby boy just days away from twenty months old. He has an excellent length to width head ratio, good shallow curve to his nasal bridge with a square muzzle, giving a good perpendicular nose to chin line. Full round eyes with a slight oblique set. Large to medium rectangular body that did not have a lot of width due, I would guess, to him being a working boy, he was supported on substantial legs and large round paws. Profuse flowing tail that balances with his body.

AOC MAINE COON IMPERIAL GRCH. UKGR CANNELL'S IGRCH SPIRRITZ TARTAN TREMBLER (MCO f 03) F 30.11.08. Very pretty Tortie and White girl who was looking good for her almost seven years of life. Tall large ears, wide at base, set well apart and tapering to appeared pointed at tip. Medium length of head with slightly less width for balance. Excellent shallow curve at her nasal bridge. Square muzzle with a firm chin giving a perpendicular nose to chin line. Her eyes are spaced well apart,, full and round with a slight oblique set. Her rectangular shaped body was supported on thick sturdy legs and large round paws, all covered with a well presented coat showing superb tortie throughout with her white pristine. Tail profuse and flowing, balancing in length with her body.

BROWN/BLUE TABBY/TABBY AND WHITE MAINE COON UK & IGRPR. BOB BURGESS'S UKOG & IGRPR KASSARO CISCOKID (MCO n 03 22) MN 14.05.09. (Entered for BOB only). This Brown Classic Tabby and white boy floats my boat - what more can I say - his title speaks for him. To go along with his stunning good looks, he has presence and a temperament to die for.

BROWN/BLUE TABBY/TABBY AND WHITE MAINE COON Pre-Premier. 1PC DARBY'S SNOOCOONS RIGBY (MCO n 22) MN 27.04.14. Very handsome Brown Classic Tabby boy who is very well grown for his age of approximately eighteen months. He has an excellent ear set, tall wide at base and spaced well apart. His head is medium in length with slightly less width. Lovely shallow curve at his nasal bridge, wide muzzle with a firm chin. Strong rectangular shaped body, set on sturdy legs and large round paws, all covered with a well presented coat that showed super markings in all areas. Profuse flowing tail, well in proportion to his body.

AC SILVER TABBY/TABBY & WHITE MAINE COON CHAMPION. 1GR DUNN & EVANS' CH. ELMCOON SILVERADO (MCO ns 03 22) M 24.10.14. I didn't realised it on the day, but this was this very handsome Silver Classic Tabby and White boy's first birthday - so belated happy birthday from me to him. He has made a great start to his showing career and is very well developed for his tender age. He has a superb head balance with a lovely square muzzle and shallow curve at his nasal bridge. His coat was very well presented and covered a strong well developed rectangular body with a profuse flowing tail, well in proportion.

AC SILVER TABBY/TABBY & WHITE MAINE COON PRE-CHAMPION. 1CC DEGG'S CAMERSHANCOONS THEODORE (MCO ns 23) M 05.12.14. Good looking Silver Mackerel Tabby boy not yet a year old until early December. He has an excellent length to width head ratio with a well developed muzzle for his age. Superb shallow curve to nasal bridge. Full round eyes with a slightly oblique set. Large to medium size solid rectangular body, set on substantial legs and large round paws, all covered with a well presented coat, showing good mackerel markings. Tail, well in proportion, well furnished.

AC SILVER TABBY/TABBY & WHITE MAINE COON PRE-CHAMPION. 1CC TAYLOR & MANDRY'S MACHAIA MYSTIQUE (MCO fs 03 22) F 26.09.14. Pretty Tortie Silver Classic Tabby and White who is of a shorter head type, but still very much balancing length to width. At approximately thirteen months of age, she still has a lot of growing to do and I would like to see her now expand on her muzzle. Her ears are not the tallest, but are wide at base and set well apart. Large to medium rectangular body set on substantial legs and large round paws, covered with a well presented coat showing excellent markings and good tortie throughout. Her white was pristine and showing on chest, underbelly and all four paws.

AOC MAINE COON CHAMPION. GRCH HOLDEN-RITCHIE'S CH. YAHESKA PANGUR BAN (MCRO w 64)M 13.08.14. Very handsome green-eyed White boy approximately fourteen months old. He has done well for himself in the short time he has been in the big boy's classes. He has a strong head with good length and balancing slightly less width. His tall large ears are set well apart. Full round eyes with a slightly oblique set, but not showing the intensity of green (in today's hall light) that I really would like to see. Large to medium body, set on sturdy legs and large round paws, all covered with a pristine white well presented coat. Tail balancing in length with body.

AOC MAINE COON PRE-CHAMPION. 1CC DELANEY'S COONTIPS ORSO POLARE (MCRO w 63) M 24.01.15. Today, this Odd-Eyed boy just qualified to be in this big boy's class. He has an amazingly good ear placement with a medium length head that balances with his slightly less width. Superb shallow curve at his nasal bridge and a good width of muzzle for any age. Full round eyes with a slightly oblique set with both showing colour still in development. He is a heavy boy by anyone's standard with a body that is large to medium and rectangular in shape, set

on sturdy legs and round large paws. Very well presented pristine coat with a flowing full in proportion tail.

2nd DEGG'S CAMERSHANCOONS BERENGER (MCRO e) M 05.12.14. Not yet a year old until early December, this handsome Cream boy has potential and was unfortunate to meet my winner in this class. He has a great length to width head ratio with his nasal bridge showing a lovely shallow curve with a strong muzzle to match. Large to medium rectangular body, supported on substantial legs and large round paws. Well presented cream coat that was showing a little on the hot side today.

AOC MAINE COON PRE-CHAMPION. 1CC FORREST'S CAMERSHANCOONS INDIGO (MCO a 03) F 18.11.14. Very pretty Blue and White girl who is not a year old until around the middle of next month. She has large tall ears that are wide at base and set well apart. Excellent length of head with slightly less balancing width. Lovely shallow curve at nasal bridge with a muzzle that needs a little more width as she develops. Large to medium rectangular shaped body set on substantial legs with large round paws, covered with a coat that needed a little more preparation work, which could have been a factor in her placing had she had competition in this class today.

AOC MAINE COON CHAMPION 1GRCC ALLEN'S CH. EMPURRER MASQUERADE (MCO fs 03) F 03.11.11. Very pretty Tortie Smoke and White girl who early next month will celebrate her fourth birthday. She has a very well developed head with an excellent ear set, and shallow curve at nasal bridge with well developed wide muzzle. Full round eyes with a slight oblique set. Very heavy rectangular body, set on sturdy legs and round large paws, with a well presented coat showing super tortie throughout. I just loved her harlequin face.

G.E.Martin
