**Mrs Sally Tokens**

My most sincere thanks to Chris and Janet for the invitation back to the Lancs. I had a superb day and the hospitality was first class. Thank you so much for giving me the opportunity to judge the overall best in show, it was a great honour and an incredibly difficult decision.

**OLYMPIAN PREMIER MALE; OLY GR PC; Wardle OBI GR PR ADATESH BLUE**

SNOWMAN blue colourpointed British shorthair. A strong cobby type with a short level back. Body is set low on the legs with a deep chest. Massive across the shoulders. Full cheeks with a lovely round face and good breadth of skull. Short thick neck. Short nose. Chin lines up with the end of the nose. Ears are small and rounded at the tips. Large round eyes and a nice blue eye colouring. Strong legs which are short and with rounded paws. Tail is medium in length and with a rounded tip. Super dense coat which is short in length and has a lovely crisp texture. Medium blue colour to all the points and the body coat has some shading in tone with the points colour. Wonderful temperament and a pleasure to handle.

**RES OLY GR PC; Harrison OBI GR CH & IGR PR LEONITARA PRINCE-CHARMING** black silver classic tabby British shorthair. A very large lad with super bone and a cobby type with a short level back. Set fairly low on the legs and broad across the shoulders. Nicely rounded face with good width to the cheeks. Short broad nose. A fairly firm chin and a level bite. Ears are small in size and rounded at the tips. Large round eyes which are set nice and wide apart and a light gold in colour. Paws are round and firm. Tail is medium in length and rounded at the tip. A short coat which was not quite as dense as the winner with a nice texture. Strong black markings and a silver ground colouring. Spine line visible and lines running either side. Oysters to the flanks. Small butterfly marking to the shoulders. Well marked m to the forehead. Lines running over the top of the head to the nape of the neck.

**NOT PLACED; Osborn UK & IGR PR LINGCOMB ENDYMION** seal birman lad of nearly fourteen years old and still looking in fabulous condition. He has wonderful well balanced type, super coat and first class temperament. Ears are well placed and medium in size. Cheeks are full and the muzzle is nicely formed. Slight dip to the profile. Level bite. Eyes are almost round and a lovely blue colour considering his age. Well marked gloves, socks are level, gauntlets of equal length and breadth. Unfortunately he appears to have developed a small white spot in between his front legs. A small amount of shading to the body, soft texture to the coat and a very good undercoat. Excellent grooming to the coat. Tail balances with the body and is nicely covered. Super seal brown to the points.

**NOT PLACED; Woodcock CH & IGR PR BEARDWOOD LEONARDO DAVINCI** brown classic tabby and white maine coon. Just over six years old and with very good bone and a rectangular body shape. Slightly oblique aperture and set to the eyes which are green in colour. Profile has a slight concave curve at the nasal bridge. Square muzzle. Just a touch more breadth to the chin for balance. Level bite. Soft top coat with a very limited amount of undercoat today but never the less

expertly presented. White to the paws, chest and tummy. Pattern is a little solid to his back but the markings are black with a fairly warm copper ground colour. Tail with profuse and flowing fur and reaching the shoulders.
