

SUPREME SHOW 24TH OCTOBER 2015

JUDGE REPORTS – MRS JOAN POUNDS

Thank you so much Celia for giving me the opportunity to judge at the Supreme this year. I was delighted to be asked so early in my judging career and it was a real honour to be asked to judge Best of Variety Siamese Kitten. It was a brilliant and highly enjoyable day with some very lovely Siamese cats to handle and judge. The icing on the cake was being asked to judge the Special Kitten Class, with a chance to handle and experience so many beautiful kittens of all different breeds.

A very special thank you to my chief steward Jenny Sheldon for keeping me so well organised and to Lynne Webster and Caroline Cockwell for all their hard work and great company.

Class 1031 TABBY POINT SIAMESE GRAND PREMIER

1 & IGRPR to Hutchings GRPR Mafdet Manifesto SIA n 21 MN
15.09.13

Mature seal tabby point boy of very good type and style. Very large, well set ears which are held quite low, good profile, very small bump on the back of the skull, wonderful top of head and a longer wedge. He has straight set eyes of deep blue. Long, elegant looking body with slender legs, graceful neck and a whip tail that balances. Most attractive seal tabby markings. Slightly long coat that nevertheless lies flat to the body. Loves his cuddles!

Class 1035a SEAL POINT SIAMESE GRAND CHAMPION MALE

1 & GRCH to Davies CH Mafdet Matrix SIA n M 17.05.14

Stunningly handsome boy with large well set ears, superb top of head and deep, dark blue eyes of lovely set and shape. He has a good profile with a firm chin, pinch, acceptable bite and a slight rise between the eyes. Long, heavy body, slender legs and a whip tail that is a little short. Dark seal

points with a complete mask and quite heavily shaded body – but still with sufficient contrast. Lovely coat – short and close lying.

Class 1035b SEAL POINT SIAMESE GRAND CHAMPION FEMALE

1 BOB & GRCH to Martin's CH Flowerdew Agnetha SIA n F
01.08.13

Mature girl of very lovely type and style. She has a longer, pinched wedge with large, well placed ears and good width across the top. Good profile with a firm chin and acceptable bite. Very long and elegant body with a graceful neck, slender legs and a tail which balances. Slightly dark seal points that do have some warmth to them and moderate tonal shading to the body. Lovely feel to the short, close coat.

Two very lovely cats. It was a very difficult decision to decide which should have the BOB, but, for me, the girl just had the edge.
