

SUPREME 2015 Lynda Ashmore

Many thanks as always for my invite, always a pleasure to judge at the Supreme. Thanks to my team Liz Prescott, Stephen Bunce and joining us for the first time Linda Whitmore. They worked very well together, kept me and the paperwork in check and handled the cats with great care and understanding. A few of the cats were very apprehensive but responded well to my lovely stewards. Last but not least my thanks to the ring workers lead by Jen Pinches, they were very good humoured and calm which always helps to keep everything ticking along nicely.

Simply adorable girl who has everything that's good in an Asian..particularly those eyes!!

Striking girl with excellent overall look. Short wedge with well defined break and good width across eye line. Just amazing large lustrous eyes of perfect shape and set. Good weight for size and correct body conformation, paws and tail. Excellent coat, short close lying and clearly ticked. Just the right amount of attitude which only served to enhance her head type. I could have taken her home with me...she's wonderful!!

LaPerm Kitten Male

BOB N/A

461 1st - Glastocats Samwell Tarly

Seemed obvious to me that he was from an outcross program and still a work in progress but he has good qualities and what a charming lad he is. Nice profile line. Fair ears. Eyes giving a clue to his origins and not showing a typical expression on the day. Nice chin and level bite. Very well grown and muscular. Good shape to his limbs and tail. Dense black in colour with firm texture to his coat and showing some waves. It was a real pleasure to handle this lovely boy and I will be interested to see his kittens in the fulness of time.
