Cream tabby colourpoint showing very good Persian shape, smooth top of head. Neat ears, well placed, clear sandwich line and long furnishings. Round eyes of good blue colour, would like them a wee bit larger for perfection. Short, broad nose, cheeks filling out well. Good bite. Long full ruff. Fabulous short, strong, stocky legs with well rounded paws. Long full, silky coat, well prepared. Very full tail showing tabby rings. Good warm, cream colour to mask. Still a little paler in colour to the legs. Very sweet temperament, loved a little play with my steward today.

2 BEATTIES CUSHKA HEARTBREAKER (PER d21 33(13b15)) M 03/07/15

Red tabby boy, well grown and presented. Good top of head, medium size ears, quite well placed, well tufted. Large round eyes, bold, very good deep blue colour to centre, paler toward rims. Broad nose, deep pink leather and good nostrils. Cheeks starting to fill out, long straight whiskers, bite undershot. Ruff coming through. Glacial white coat, soft to the touch. Good red point colours to ears and mask, paler to legs. Tabby markings evident to the short, full tail. Very laid back.
