Cat Welfare Trust - The Cat Fancy's own Charity, established 1988 Registered Charity No. 800719

The Cat Welfare Trust is the Fancy's own charity, set up by the GCCF in 1988. The Trust Deed was written to enable funds to be used for the widest possible range of activities to benefit cats. Currently the work of cat rescue is undertaken by GCCF Member Cat Clubs and so the Trust has turned to other ways of improving cat welfare. Three projects have been completed so far, all of which have been funded because the subjects were of particular interest to pedigree cat owners and were not likely to attract commercial funding in their initial stages.

The first of these was a Ph.D. research project to study the preparation of a vaccine for ringworm and was undertaken by Ann Robinson at Bristol University Veterinary School. The second - the Genome Project was undertaken by Dr Matthew Binns of the Animal Health Trust and resulted in the identification and analysis of 211 markers on the feline genome map. The third - a study into feline chronic gingivostomatitis - was carried out by Kitty Healey at the University of Liverpool. Chronic gingivostomatitis is a condition familiar to many cat owners, this is a very painful disease affecting the gums and mouths of pet cats causing inflammation and ulceration and there is currently no cure for this condition. Kitty's research has established a link between this condition and FCV reinforcing the need for regular vaccination. Kitty's thesis summary can be seen on the GCCF website.

The current project is a study being conducted by Bristol University in conjunction with Manchester University and the University of California-Davis into the genes that play a pivotal role in the control of infectious diseases particularly Feline Infectious Peritonitis. The study should also objectively determine relative levels of inbreeding in various breeds and whether the gene pool is dangerously narrow putting specific breeds at increased risk of inherited disorders and disease susceptibilities. Results of this latter part of the study should supplement the information available to the BACs when they look at their breeding policies and help encourage best practise.

The Trust is dependent on donations from the Clubs and members of the Fancy and so it is easy to see that in order to be able to make grants large enough to make a difference to cats' lives we rely on you for all the financial support possible. Donations and legacies to the Trust will ensure the continuation of this work. Please remember the Trust when you or your club consider welfare donations.

Please send donations to The Treasurer, c/o GCCF, 5 King's Castle Business Park, The Drove, Bridgwater, TA6 4AG. Further information is also available from the GCCF Office.

You can help us maximise your support by enabling the Trust to reclaim tax on your donations under the Gift Aid scheme. All you need to do is to state that you pay Income Tax and wish the Cat Welfare Trust to treat your donation as Gift Aid.

Certificates must be completed with the name and address of the owner and identification of the cat. All Vaccination **Certificates MUST be shown at vetting in or the exhibit will be rejected under section A, unless the exhibitor undertakes to provide proof of vaccination by sending the certificate to then GCCF Office within 7 days of the show. Failure to do so will lead to disqualification from the show and the cat's name will be placed on the veterinary rejection list until proof of vaccination is received in the office.**

**Please note: Homeopathic vaccination is not acceptable for the purpose of showing.**

Any exhibit rejected by the Veterinary Surgeon must be removed by its owner and the entry fees are forfeit. If in the Veterinary Surgeon's opinion, it is desirable, all other exhibits from the same household and owner shall be debarred from attending the show. The Veterinary Surgeon's decision is final.

Owners are responsible for the cost of any veterinary treatment required by their cat(s) in their absence from the show hall.

**VETERINARY CLEARANCE CERTIFICATES**

Exhibitors whose cats have been rejected at Shows please note the following points:

- 1) When sending the clearance certificate to the Veterinary Officer, please include your copy of the rejection slip.

to the exhibit. Exhibits actually received into the show hall cannot be removed without sanction of the Show Managers. They are only received on the condition that the Club shall not be held responsible for any loss or damage to exhibits, boxes or baskets or in any other way. **Please note** it is the exhibitor's responsibility to ensure that their cat's pen is safe and secure before leaving the show hall.

Any exhibit prepared for show in any artificial manner which changes its appearance relative to the Standard of Points shall be disqualified by the Show Manager as there has been a breach of the rules. Such preparation included the uses of powder, dyes, other colouring or whitening or darkening substances, or any oils or greasy preparations, or any other cleaning substances which remain in the exhibit's coat during the show. It also includes trimming, clipping, singeing or rasping down of the fast coat. Any treatment to change the temperament of the exhibit, such as skullcap and valerian is forbidden.

### COUNTERSIGNING OF CERTIFICATES

In the event of a change of judge of a Title/Breed class occurring after the closing date of the show and **provided that the exhibitor informs the Show Managers prior to judging** that a certificate has previously been awarded by the replacement judge, the Show Manager shall appoint one other judge who shall judge the cats and if the cat is considered worthy, countersign the certificate, which shall then count towards championship status.

If the replacement judge at the first show has also been previously booked for a subsequent show, the closing date of which is before the date of the first show and where the actual entry has been made and received before the date of the first show, then at the subsequent show this judge can be considered as a replacement judge for the purpose of requesting a countersignature. When a cat which has been awarded a certificate at the Supreme Show, is entering under the same judge for the equivalent certificate, during the following three months, then at one subsequent show this judge can be regarded as a replacement for the purpose of requesting a countersignature.

### JUDGES

Judging will commence at 10.00am. Judges are empowered to withhold any prizes or championship in any class, if the exhibits do not in their opinion, possess sufficient merit. Prizes will be awarded from the judge's slip, not from any catalogue or prize Card. In the event of a change of judge of a Title/Breed class occurring after the closing date of the show, and provided that the exhibitor informs the Show Managers prior to judging, that a certificate has previously been awarded by the replacement judge, the Show Managers shall appoint one other judge who shall judge the cat and if the cat is considered worthy, countersign the certificate, which then counts towards championship status.

**The show will close at 5.00pm or earlier at the Show Managers discretion. No cat may be removed from its pen before this time.**

Any exhibitor interfering with or removing any cat from its pen during the show, except with the consent of the Show Managers will forfeit any award that may be due to his or her exhibit. Exhibitors must leave the hall at 10.00am and not return until 12.30pm.

<b>YOUNG EXHIBITORS PRESENTATION CLASSES:</b>	for exhibitors aged 8yrs to 16yrs. Exhibitors must be registered with the young exhibitors' scheme to enter.

### NOTES:

The status of the exhibit for entering restricted classes (ie Maiden, Limit etc) shall be the cats' status on the day of entry, except where Section 2, Rule 15e regarding entry into Grand Classes applies.

The wins as a kitten do not count when the exhibit is shown as an Adult or Neuter.

The wins as an Adult do not count when the exhibit is neutered and shown.

Merit Awards do not count as wins for entering restricted classes.

To be eligible for entry into Grand or Imperial Champion/ Premier Olympian classes, the status of Champion/Premier, Imperial Grand must be attained on or before the closing date for entries published in this schedule (see Section 2, Rule 15e).

When counting wins/prizes include all obtained in any class at a show held under GCCF Rules.

## CORRESPONDENCE

Any complaint relating to the show must be sent to the Show Manager within seven (7) days of the close of the show. Please enclose a stamped, addressed envelope for reply.

## GENERAL GUIDELINES ON ENTERING SHOWS

Where possible, always complete your show entry form from your GCCF registration document (ie Registration or Transfer Certificate) for the cat that is to be exhibited, **printing** the details carefully to avoid misinterpretation of your handwriting. If the document, you have is headed 'Application for the Transfer of Ownership of Registered Cats' this means the cat is not registered in your name and you must complete the form and send it to the GCCF with the transfer fee as soon as possible. It must be received by the GCCF no later than 10 days before the show.

If you haven't received your registration document at the time of entry, complete the show entry form with the details from the pedigree, giving the first choice of name if it is a non-prefix registration, and put RAF (Registration Applied For) or TAF (Transfer Applied For), or both, in the Regd. No. Box. It is wise to enclose a stamped, addressed envelope with all registration and transfer applications, particularly for cats entered for shows, so that you know the application has been received by the GCCF.

Try to keep a copy of your entry form, so that when you receive registration details and number, you can check these against the entry form and notify the Show Manager in writing of any differences in the details as well as giving the registration number, if applicable. This may not be in time for the printing of the show catalogue, but the Show Manager should attach your letter to your entry form, which will save unnecessary notification of discrepancies when that show is checked. All catalogue errors are checked against the original entry form and any exhibitors' letters are used for reference. Show managements are permitted to accept corrections, at their own discretion, up to the close of the show (on show day). Any such correction must not be an addition or substitution of any exhibit for which proof of entry cannot be validated, or a change of owner/exhibitor.

If you are entering several cats from your household and the registered owners (exhibitors) differ within that household/family, check with the show manager whether using one entry form is acceptable or not and, if it is, indicate **very clearly** which exhibitor owns which cat, ensuring all owners sign the entry form. It may be less confusing and more acceptable to the Show Manager for each owner to use a separate entry form. Joint owners of an exhibit should always use the same form, and **both must sign**.

**GCCF Rules Section 4 Rule 26:** Exhibitors are reminded that the decision of the judges is final. Any attempt to influence such decisions, or to identify a cat or ownership of a cat to a judge at a show before that judge's engagement has been completed may render the offender liable to disciplinary action.

## STATUS OF ERRORS – WHAT TO EXPECT

### Minor Errors

These warrant a notification for your reference if the error occurs more than once and it is apparent that registration details were available at the time of entry or before the date of the show. Continuous repetition of the same error after notification will be referred to the Executive Committee.

- 1) spelling errors
- 2) separation of cats' names that should be one word, and vice versa.
- 3) administrative/breeder's prefix omitted from exhibit name or partially incorrect name given.
- 4) overseas title preceding the name of an exhibit, sire, or dam etc.
- 5) full breed number known but not given
- 6) sire's and dam's names transposed or incorrect
- 7) breeder joint when should be single or vice versa

**Incorrect Date of Birth**

This is usually classed as a minor error unless it affects an entry into classes based on age groups, when it could warrant disqualification of the exhibit from such classes; but if the incorrect date of birth affects the age suitability as a whole, then the exhibit will be disqualified from the show.

**NB AGE LIMITS:**

not less than 14 weeks and under 9 calendar months on date of show.  
not less than 9 calendar months on date of show

**Incorrect Name of Exhibit/Owner/Breeder**

If registration/transfer details were obviously available at the time of entry or before the date of the show, disqualification is inevitable. The following discrepancies are those which usually arise

Exhibit	Totally incorrect name
Registered	Joint when they should be single and vice versa
Declaration not signed by registered owner/s	
NB the exhibitor/s must be the registered owner/s of the cat and not necessarily the person who actually takes the cat to the show.	
Breeder	Totally incorrect name or names
NB the breeder of the cat is always the registered owner of the dam at the date of the cat's birth.	

**Registration/Transfer Not Received by the GCCF 10 day before the Date of the Show**

These entries will be disqualified. Remember, the effective date of all registrations and transfers is the **first date of valid receipt by the GCCF** and if you enclose your own stamped, addressed envelope with your application form this will be stamped with the GCCF Office date of receipt.

**Transfer of Exhibit from Exhibitor to a New Owner received by them GCCF more than 10 before the Date of the Show**

Entries such as these will also be disqualified as the exhibitor's entry form becomes invalid.

**Incorrect or Ineligibility of Class Entry**

These will be disqualified from the class concerned – so always check with the Show Manager if in doubt about which class to enter. If a breed number is changed officially, it is important that you notify the Show Manager immediately. Exhibits entered in the Grand, Imperial Grand or Olympian class must have qualified on or before the published closing date of the show and the title must have been claimed in writing

**Cats Registered on the Reference Register**

Some cats registered on this Register are not able to be shown, therefore these entries could be disqualified. The only exception to this is when a new breed becomes recognised, then cats of the breed may be shown even if they are registered on the Reference Register as long as this was the only reason for the Reference Register.

Exhibitors may appeal against any disqualification resulting from show checking, giving their reasons. The appeal will be referred to the Executive Committee if considered valid, if not, a letter of explanation will be sent to the exhibitor/s. The above advice, however, is aimed at keeping your show entries trouble free.
