

Barbara Harrington

The Kentish Cat Society officers and committee were sad to learn of the death of Mrs Barbara Harrington at her home on the evening of Sunday 11th November.

Barbara was a life member who joined the society in 1967 and showed very successfully beautiful Siamese neutered cats. She served efficiently on the committee as Honorary Secretary for many years. More recently she had sadly not enjoyed good health, and she had been admitted to hospital several times in the last twelve months.

We send condolences to her friends and distant family members.

The funeral will take place at the Kent and Sussex Crematorium, Royal Tunbridge Well on Friday 30th November at 2.30pm

**Hannah Hendra, Vice President
The Kentish Cat Society.**

I have been informed that Barbara Harrington has died. Barbara was seen at a great many of the Southern shows in 80/90's. Barbara showed mainly Seal Point Siamese Neuters & she had good degree success. She had been much less active for the last 20 years or so.

**John Hansson
Chairman GCCF**
