

Enid Holmes

It is with great sadness I learned of Enid's passing after a short illness in hospital on Wednesday 6th March.

I have known Enid since the early 70's who bred Burmese under her Cragland prefix. She was involved with the Chocolates and Lilacs in the early days and at one point even produced a White Burmese!

A popular judge, and along with myself a co-founder member of the then Burmese Breeders Society, now the Burmese Cat Society, becoming the club's first Chairman.

My sympathies to her brother and niece at this sad time.

Funeral arrangements will follow in due course.
