

## **Sylvia Pritchett**

Sylvia Pritchett founder member and secretary of the Seal and Blue Point Birman Cat Club

Those of you who attended our shows will remember Sylvia who was passionate about her vibrant coloured hair and her Harley Davidson Bike. Always greeting people to our stall with a smile. She was a glamorous well turned out lady who enjoyed life and her beloved birmans especially Rocky who became a Grand Premier premier she was so proud that day. When she was diagnosed no one was more determined to beat it than she was and if anyone deserves a medal for the brave fight she put up she does. So determined right to the last. I went to see her and spoke to her just before I left for Canada and knew that would be the last time. Sadly Sylvia passed away in Thames Valley Hospice on 1st July at 08.50. Being my neighbour I still expect her to come walking out with that cheery smile and do you want a coffee. I shall miss her but she is free from her suffering. Condolences to her family she leaves behind a 97 year old mother 2 brothers and her husband Don. Her funeral is on 25th July.
