

COTY Winners 2016/17 Show Season

Please see the list of winners for 2017, all queries have been checked, this therefore represents the final score & winners, there are names which may have incorrect titles, these owners did not contact to inform their exhibits status at the end of the official show year as requested, errors are now too late to be corrected, see below the relevant statement which relates to this.

Could you please check your totals & let me know if you have queries, if you don't let me know the results will be posted as correct. **I will also require your exhibit's Official status at the end of the show season & any spelling errors, the onus of responsibility for this rests with you.** The owners of those exhibits showing titles have notified me. Those without have not. If you don't notify the names will be printed as is.

The criteria for 2017/2018 remains unchanged & is as it was last year, if you have queries on this ask! Its always the best way to get an answer. Assumptions are usually incorrect.

One comment I received appeared to indicate the person concerned only wants an Overall winner. This would make life so much easier, comments please. There has been no feedback on this matter, therefore it is intended to continue as is.
