

SHOW REVIEW GROUP - TERMS OF REFERENCE

The Show Review Group (SRG) was created by the GCCF Board to review all aspects of GCCF run shows.

The SRG consists of highly experienced people with extensive show experience in all areas. Show Managers, Table Workers, Committee Members, Show Helpers, Judges, Exhibitors & Breeders are all represented within the group.

Due to the pandemic, the group has identified two primary areas for discussion and recommendation:

- To review GCCF Show rules/guidelines to help with shows going forward ensuring that they adhere to both local and national restrictions caused by the pandemic should a Show Manager be prepared to arrange one.
- To consider the format of shows in general, as difficulties were being faced by many prior to the pandemic.

The SRG welcomes all ideas from any group/club/individual and careful consideration is given to all documentation received.

When and where feasible the group will identify any factual evidence and highlight potential benefits/pitfalls so that any recommendations/proposals made at future Delegate's meetings will be as grounded, in as far as is possible, in solid research.

The group hopes to have some shorter-term recommendations for consideration and publication by mid-summer. It is also looking at more complex issues therefore longer-term recommendations which it is hoped will be available in early autumn.
