

My passion in life – other than my family – are my cats and have been since I was given my first kitten as a toddler. Discovering GCCF shows was a moment of wonderment that has developed into a passionate, life-long dedication.

I am totally committed to GCCF and its ideals so I would welcome the opportunity to contribute as a member of the Board. Working with others to ensure GCCF traditions are respected, while integrity and ethos is maintained alongside building for success while keeping the core fundamental – our beloved felines well-being – is central in all I do.

My interests and experience lie, alongside the guardianship of my breed, in judge and steward training plus the development of the show scene. It is within these areas that I would wish to be proactive on behalf of all GCCF members.

- Retired Deputy Head Teacher
