

Lisa Robinson-Talboys - BOARD

I've been involved in Show Management for over 30 years. Currently serving as a board member, and hold Chairman, Hon Sec & Hon Treasurer roles for an increasing number of clubs.

I have concerns over the future of the GCCF specifically the future viability of Cat Shows, I am part of the Show Review Group, and the input from exhibitors, judges etc makes for interesting meetings, we are open to all suggestions and optimistic that many will be received positively.

I want the GCCF to continue to be successful, but also to be more welcoming and open in all areas. If elected I hope that the new board can be a more cohesive, respectful group, working together, have consistency in decision making, acceptance of differing opinions, and to listen to input from other sources. I would love the board meetings to be live streamed for interested parties to become more aware of the inner workings of the GCCF.

I hope to help bring back the friendliness, openness and transparency that has been lacking of late. We all need to work together, we have a common goal, our love of cats. I think that regularly gets forgotten.
