

LYNDSEY ROBINSON - BOARD Statement

I have been involved with the GCCF for over 20 years, working in collaboration with Show teams all over the UK, giving them the freedom and flexibility to work their preferred way. I currently Chair the Show Review Group and am a Show Manager and a Committee Member for many Clubs.

My whole career has been customer service focused where all customers were listened to and not just select groups. Feedback is important, our client base, our GCCF 'family' should feel that their opinions are important and will be listened to.

I believe urgent action is needed from the GCCF to fully support our amazing volunteer Show Managers, Show Teams, Committees, Judges, Stewards and Exhibitors. Without these people there would be no GCCF.

Whilst Chairing the Show Review Group many Show Managers, Judges, Stewards and Exhibitors have contacted us with varying proposals, suggestions and questions – the overwhelming theme, is wanting the GCCF to succeed and be successful long into the future. A sentiment I totally and emphatically agreed with. If elected to the board, I will do my very best to ensure the longterm success of the GCCF.
