

Sally Woolrich – Board of Directors

*I've been involved with GCCF since the 1990s. In that time have been truly show orientated. I exhibit both household pet and pedigree cats, and usually work as a steward or table worker.*

*Currently I'm Joint Show Manager for the NESCC and SCSS shows, based in Dundee. I'm the SCSS's Delegate, their Representative on the SCJAC, and am also a member of the STAR team and the Appeals Committee.*

*I'm retired after worked for 40 years in IT. Alongside my GCCF-related activities I am an active member of a Gliding Club and served terms as Directory and Treasurer. I brought their IT up to date, and split the information for members & pilots out into a Wiki that incorporated the Airfield Manual.*

*That experience contributed to the STAR project, and I hope Show Management and clubs find the revised interactive manual really useful.*

*As a Board member I have IT development experience to offer for further projects and would participate in bringing new/improved services to clubs and their members.*

*I've also been a Committee Member, Membership Secretary and Treasurer of a sailing club, am a keen photographer, and a spare time gardener.*
