Item 7: Development of a basic blueprint for Judge training in the future (Generic Heading)

- The chair will continue to work upon the new documents with the help of Mrs Devereux in place of Mrs Dean as we cannot afford to lose the momentum currently achieved due to her loss.
- Discussions around - How do we determine what constitutes a rare breed? SP volunteered to look at figures of breeds registered and shown over the last few years to ascertain which could be determined "rare" for the purpose of training FJ(P)'s - in the first instance - and PJ's under the new JT system.
- It was agreed that the chair would produce and present at the next Board meeting, a timeline of past and present activities to engender a better understanding of the events to date. It will also give an insight to the planned activities of the future.

- The JASRG suggestion that Show Managers could assist by inviting judges to undertake all the relevant grand breed classes was taken to the SRG where it was discussed at length without a resolution.
